The Park District may assess benefitted property owners for all or portion of improvements it makes to such lots.
14. **FENCES/BERMS.** Except as provided hereafter, a Lot owner may construct a fence or fences on portions of a Lot to the rear of the two corners of the residential dwelling that are closest to the front and side yards of a Lot. Any/all fences on all Lots shall be constructed only of cedar, synthetic material or coated chain link. Any cedar fences shall be treated, painted or stained regularly to be kept in good visual appearance. Any broken or fallen portions of fences shall be promptly repaired with matching materials. If any fence is of a type where the posts or rails are exposed on only one side of the fence, all such posts or rails shall face inward towards the Lot on which the fence is constructed.
15. **BOULEVARD TREES/CERTAIN TREES AND PLANTINGS.** The owners of all other Lots shall plant, water, trim, maintain and replace such boulevard trees on his/her Lot as may be under City requirements.
16. **SIDEWALKS.** Owners of all Lots over which sidewalks pass, or which are adjacent to any sidewalks, shall be responsible for removing snow and debris from such sidewalks over or adjacent to their Lots. The owners of all Lots acknowledge they must install sidewalks on the fronts of their Lots, and if they fail to do so, will be assessed by City for the costs of installing such sidewalks. Owners of Lots acknowledge and agree they will be assessed for sidewalks installed by City on and/or otherwise benefitting their Lots.

17. **NUISANCES.** Except temporarily prior to the next weekly trash removal day, and then only in compliance with other Restrictions, no part of the Property shall be used in whole or in part for storage of rubbish or debris of any kind whatsoever. No Part of the Property shall be used for the storage of any property or things that will cause it to appear untidy, unclean or obnoxious to an average and reasonable surrounding property owner. No substance, thing or material may be kept on any part of the Property that will emit foul or obnoxious odors, or that will cause any noise that will or might disturb the peace, quiet, comfort or serenity of an average and reasonable surrounding property owner. The Restrictions set forth in this Section shall not apply during any construction activities, so long as such construction activities conform to the Restrictions pertaining thereto.
18. **UTILITY EASEMENTS.** Lot owners acknowledge and recognize certain portions of their Lots may be subject to easements for, among other things, drainage, pond access, storm water storage, planting and buffer, monument signs, and utilities, including the installation and maintenance of electricity, gas, water, sanitary sewer, storm sewer, cable television, internet access and any other like public utility services, currently or later available. The location of such easements shall be of record by existing or future plats or re-plats or separate instrument. Within any such easements, lawns are allowed, but no structure, planting or other materials shall be placed or permitted to remain that interfere with the purpose of, or installation and maintenance of infrastructure within, such easements. The surface area of a Lot subject to any such easement shall be maintained continuously by the owner of the Lot, except for those structures or improvements for which a public authority or utility provider is responsible.
- (a) All claims for damages, if any, arising out of the construction, maintenance and repair of the utilities or on account of temporary or other inconvenience caused thereby against the Developer or any of its agents or servants are waived by Lot owners.
- (b) Developer reserves the right to change, lay out, create new or discontinue any street or road, or any easement on a Lot owned by Developer, all as may be shown on the plats of the Property, so long as the same is not reasonably necessary for servicing a Lot owned by someone other than Developer, subject to the approval of the appropriate governmental authority.
19. **WATER ISSUES.** All Lot owners acknowledge that certain drainage ditches, detention ponds or retention ponds may be constructed on or near the Property. By accepting conveyance of a Lot, all Lot owners assume the risk of hazards, foreseen and unforeseen, associated with such drainage ditches or retention ponds, including without limitation, risks associated with them as they relate to the safety of adults and children. All Lot owners for themselves, their children, guests, invitees, trespassers, successors, assigns, agents, employees and the like, hold the Developer harmless from and against any damage, claim, suit, injury, cost or expense (including attorney's fees), as pertains to injury to person or damage to property, arising out of or in any way related to any such ditches or ponds. Lot owners acknowledge and accept that such ditches and ponds are for the purpose of holding storm water during rainfall periods to allow for a controlled impact on

and handling by the storm sewer system. Accordingly, the water levels of such ditches and ponds will fluctuate from time to time.

- 20. MORTGAGES.** The breach of any of the foregoing Restrictions shall not defeat or render invalid the lien of any mortgage or deed of trust made in good faith for value as to any Lot or Lots or portions of Lots in the Property, but these Restrictions shall be binding upon and effective against any mortgagee or trustee or owner, whose title or whose grantor's title is or was acquired by foreclosure, trustee sale or otherwise.
- 21. RIGHT TO ENFORCE.** The Restrictions set forth herein shall run with the Lots and all property within the Property and shall bind the present owner or owners of Lots and any property within the Property, their heirs, executors, administrators, successors and assigns and all parties claiming by, through or under them. No Restriction, however, shall be personally binding on any person except in respect to breaches committed or continued during his, her or their ownership of the particular property upon which such violations occurred. Except where the right to enforce a Restriction is reserved to Developer, for any violation of the Restrictions herein set forth, the owner of any Lot shall have the right to sue for and obtain an injunction, preventive or mandatory, to prevent the breach of an obligation, or to enforce the performance of an obligation, or to maintain a legal action for damages against the offender. No Lot owner or other party may bring an action against Developer for Developer's failure to enforce a Restriction. Further, City may, but shall not be obligated to, remedy the violation of any Restriction, in which case the cost thereof shall be immediately due and payable to City and City may undertake to collect such sum in any manner, including the imposition of an assessment(s) against the applicable Lot.
- 22. AMENDMENTS.** This Declaration may be amended by Developer at any time until Developer no longer owns any of the Lots; provided, however, the Developer may not amend this Declaration to add or expand any easement or restriction on any Lot, the fee title to which has been previously transferred by the Developer, unless the then Owner of such Lot consents in writing to the amendment. After Developer has divested itself of all Lots, this Declaration may be amended by an instrument signed by the owners of not less than 80% of the Lots, and any such amendment shall not be effective until recorded against the Lots at the Office of the Recorder for Cass County, North Dakota. In addition, Developer may unilaterally remove any Lots from the scope of this Declaration by instrument recorded in the Office of the Recorder for Cass County, North Dakota, and should any of the Lots be re-platted by Developer after the date this Declaration is recorded, any Lots resulting from the re-plat shall be automatically released and removed from this Declaration.
- 23. WAIVER.** No delay or omission on the part of Developer or the owners of any Lots in the Property in exercising any right, power or remedy herein provided, in the event of any breach of the Restrictions, shall be construed as a waiver thereof or acquiescence therein and no right of action shall lapse. No action may be brought or maintained by anyone whatsoever against Developer for its failure to bring any action for any breach of these Restrictions.
